**PETITION FOR RULE MAKING**

Pursuant to 47 C.F.R. 1.401, Jeraldine Anderson respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 276C2 at Crosbyton, Texas.

**DISCUSSION**

Petitioner respectfully submits that the public interest would be served by allocating Channel 276C2 to Crosbyton, Texas, as that community's first aural broadcast transmission service. Crosbyton is an incorporated city with a population in excess of 1,870 people. Crosbyton has its own mayor, Joseph E. Johnston, its own school system, its own post office, its own fire department, its own city hall and a number of local churches. The proposed channel 276C2 will provide additional diversity and an outlet for local self-expression to Crosbyton residents and therefore is in the public interest.

Attached hereto is a channel study confirming that Channel 276C2 can be allocated to Crosbyton, Texas consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

Reference coordinates are:

Should this petition be granted, and Channel 276C2 be allotted to Crosbyton, Texas Petitioner will apply for Channel 276C2, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Jeraldine Anderson
